00263 PUBLIC PARTICIPATION SESSION

A representative from the Bexhill Carnival Committee raised concerns about the 2025 carnival road-closure arrangements. Previously, the Committee handled closures themselves, but this year the Town Council funded a contractor. The contractor reportedly underestimated the number of junctions needing closure, provided too few operatives, and may not have shared enough public information. Due to changes in the law, the Committee cannot legally carry out road closures, they depend on contractors and stressed the need for better liaison between Bexhill-on-Sea Town Council and the Carnival Committee. The Carnival, which dates to before WWII, is one of the country's longest running and has donated around £50,000 to local causes. After a successful recruitment drive, the Committee has nearly doubled in size and is confident about delivering a strong carnival in 2026.

A representative of the Bexhill Lions Club spoke about challenges with road closures for their weekend markets. Due to changes in the law, the Club can no longer manage closures themselves and is grateful that the Town Council handled them this year. They hope the Council will continue to provide this support, as the markets attract around 800 visitors and benefits both the community and local shops. On average the Lions Club makes about £10,000 a year, which they mainly donate. The Club has around 36 members, and
